Summer 2021

New Zealand  
Permit No. 246635

*For Kiwis exploring New Zealand!*

## Getting in Behind New Zealand!

We hope you enjoyed a festive break with family and friends over Christmas and your summer season is off to a good start. So what's in store for 2021? While we see how things unfold around the globe, we have some stimulating travel options for you closer to home - New Zealand and regional Australia when the coast is clear. We've had fantastic feedback on our NZ spring tours - it was also great for us to be back doing what we do best after a challenging year. We are grateful to our wonderful clients and hosts - a huge thank you and we look forward to more magic Kiwi trips this year. Happy New Year and all the best for 2021 from the team at Farm To Farm Tours.

**Tour with us! A great way to meet new people and support local!**

## Unbelievable Deep South - Fiordland, Stewart Island & Catlins

If mooring up for a night in pristine Doubtful Sound and dining on fresh blue cod or crayfish you and the crew have caught just a couple of hours earlier sounds like you, then you won't want to miss our 2021 Deep South tours. An incredible overnight Fiordland cruise is certainly a highlight, as is waking up to magnificent bird song on Rakiura Stewart Island, experiencing the rugged Catlins and meeting passionate farming families on their farms - a real insight into how farming life is in this southern part of New Zealand. Our November travellers were delighted by seeing rare dolphins and penguins, sea lions, kaka, kiwi, takahe and even whales for a lucky few! Queenstown to Te Anau, overnight on Doubtful Sound, Stewart Island, Invercargill and the Catlins - what a line up!

**We are returning to the Deep South in April and Spring: space is limited so please get in touch now...**

# 13 days of Mainland magic!

*...getting you off the beaten track and up those driveways!*

What a wonderful time was had by all touring a large loop of the South Island in November! From Christchurch to Kaikoura and into the heart of the Awatere Valley, Marlborough Sounds and Nelson, West Coast, Glacier Country, Wanaka, Queenstown, Central Otago, Oamaru, Ohau, Mackenzie Country, the Canterbury Plains and plenty in between. We met many fantastic people helping keep New Zealand afloat with their food and fibre production as we traversed the diverse landscapes of the South Island - from fine wool to hops, lamb, venison, beef to berries, arable, dairy, fisheries and wine.

As well as visiting some truly spectacular parts of the country, a special aspect of our tours is connecting with a great group of people you are likely to have much in common with - new friends and shared experiences!

*"Lots of great highlights and access to all those places we would not normally get to. You organised a truly special tour of which we enjoyed every moment..."*

# A week on the Chatham Islands

"...we were able to go to places the average tourist doesn't get to and we pretty well covered all points of the island. I will certainly be recommending your trip to others."

We've been taking Kiwis to the Chatham Islands for a few years now and it's certainly in demand. With us, you'll stay on a sheep and beef farm (high quality lodge and superb meals!) and enjoy guided visits each day. Discover the people, the farming, the fascinating history, the ecology and stunning landscape of this unique island. With options to take a fishing trip or a scenic flight, there's plenty to interest everyone. While our autumn Chathams tours are fully booked, we have space in spring. Take a break and see for yourself how Chatham Islanders live in farm in this isolated part of New Zealand.

## Recent New Zealand trips...

## GETTING TECHNICAL

Talk to us about how we can add value to your business with tours and events:

- Keep in touch with key markets
- Keep abreast of trends
- Attend agricultural events
- Discover new opportunities
- Check out your competition
- See innovation and technology
- Compare notes with colleagues
- Build customer loyalty

Farmers in all sectors face many of the same challenges: fluctuating prices, trying to mitigate environmental impacts, labour and political issues, technology, etc. See how others find solutions to some of these issues.

## An eye to the future

New Zealand is certainly the place to be right now. However, once it is safe to do so, we will be ready to take you back out there enjoying those magical experiences, places, people and farming the world has to offer. We have great global connections and we are proud co-founders of Agricultural Tour Operators International: a professional network of companies specialising in agricultural tours in over 45 countries. Bring on the vaccine!

## Safe Travel

The health, safety and wellbeing of all involved with our tours is of foremost importance. Our stringent protocols are continually reviewed and we have measures in place so you can relax and concentrate on the important things... like enjoying your trip!
